NEW WESTMINSTER, SATURDAY, DEC. 23, 1865.

THE CELESTIAL PHENOMENA.—The Chinese giant, Chang-Woo-Gow, who with his wife and a dwarf are staring it in England, made his debut at Egyptian Hall with the following address:—"Ladies and Gentlemen,—I shall not attempt to express in words my gratitude for the reception you have given me to-night, on this my first appearance upon a public platform in the western country. That you approach me with kindness, and I am told, speak with a kind of admiration of the more than ordinary development of my body, my language can scarcely furnish words sincere enough to thank you.

The fish dwell in the depths of the waters, and the eagles in the sides of heaven; The one, though high, may be reached with an arrow, And the other, though deep, with a hook; But the heart of a man, at a foot distance, Cannot be known."

Yet I trust my heart is known to you. It is full of thankfulness for your kindness, and kindness is more blinding than a beam."

He was followed by the dwarf, Chung Mow, who said:—"My Friends and Patrons,—I Chin Chin you; my name is Chung Mow; I am a native of Hankow, and I pride myself in being a Tartar rebel; I suppose it is owing to my small size that I am called a boy, but if I must be named by a name so insignificant, I trust you will at least give me the credit of being 'an old boy,' for I am eleven years, two moons, and sixteen days older than his Highness, Chang, and if my tallness were in proportion to the height of my ambition, I would be as many inches higher than he as I am years older. I will only further say that all the trials we have gone through in coming from our native country to see you, are far more than repaid by the pleasant reception we have had at the hands of your countrymen. My friend Chang, here, has a saying that, 'Our present moments are the only things that are ever permitted to be present with us, and we should care well how we do employ them.' I employ mine in thanking you for your presence here to-night, and again Chin Chin you."

A party of antiquaries from Edinburgh, consisting of Joseph Robertson, Esq., Professor Duns, Professor Simpson, and Dr. Paterson, made an examination, on Thursday week, of some of the most remarkable caves on the Fife coast. Their researches were rewarded by the identification of a cave, historically interesting as mentioned in Wyntoun's Chronicle, and known to have been used as a place of worship up to the Reformation. They found two caves with their sides elaborately sculptured with elephants, deer, birds, fishes, and other animals exactly similar in type and form to those figured in Mr. Stewart's well-known volume on "The Sculptured Stones of Scotland." They found also the so-called spectacle ornament, &c. This is the first time that such sculptures have been found within caves. The party visited other caves, which showed abundant proofs of ancient occupation as human dwellings in the split bones of various animals, remains of shell-fish, &c. Many of these caves are of such antiquity as to have been memorable from the earliest dawn of record in Scotland.

If you want to know certainly whether the young lady you think of addressing is a fairy or a fury, tread on her skirt in the street when she is not aware of your being within a mile of her, and "take an observation" of that face usually "divine," at the instant of its being turned full upon you.

CURES AND COMFORT FOR THE BED-RIDDEN

HOLLOWAY'S OINTMENT.

This wonderful Ointment acts like magic in relieving and curing old sores, wounds, bad legs, ulcers, and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structures. It leads by cleansing all animal fluids with which it comes in contact, and therefore promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this Ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to lessen inflammation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible specifics.

Diphtheria, Bronchitis, Sore Throats, Coughs and Colds.

This class of diseases may be cured by well rubbing the Ointment, three times a day, upon the throat, chest, and back of the patient. It will soon penetrate and give immediate relief. In all stages of Influenza, Colds, and Bronchitis, this treatment may be followed with efficiency and safety; indeed, it has never been known to fail.

All Varieties of Skin Diseases, Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy, Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway's Ointment, assisted by his celebrated Pills, which act so powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained.

Dropsical Swellings.

Beware of this dangerous and stealthy complaint, which frequently creeps upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach; therefore, set to work earnestly, by taking Holloway's famous Pills according to the printed instructions, and rubbing the Ointment very effectively over the pit of the stomach and right side, where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Internal Inflammation.

These complaints are most distressing to both body and mind, false delicacy concealing them from the most intimate friends. Persons suffer for years from Piles and similar complaints when they might use Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their ailment to anyone. The Pills greatly assist the Ointment, as they purify the blood, regulate its circulation, renew diseased structures, and invigorate the entire system.

Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Ointment be well rubbed, twice a day, into the small of the back, over the region of the kidneys, to which it will gradually penetrate, and in almost every case give immediate relief; but perseverance will be necessary to effect a thorough cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs.	Chapped Hands.	Scalds.
Bad Breasts.	Contracted and Stiff Joints.	Sore Nipples.
Burns.	Elephantiasis.	Sore Throats.
Bunions.	Fistulas.	Skin Diseases.
Bile of Mosquitoes.	Gout.	Scurvy.
and Sand-Flies.	Glandular Swellings.	Sore-heads.
Coro-bay.	Lumbago.	Tumors.
Chico-foot.	Rheumatism.	Ulcers.
Corns (soft).		Wounds.
Cancers.		Yaws.
Chilblains.

THE GRAND PROMOTERS OF HEALTH.

HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of all its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these fine purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance, and restore its normal and natural power to every organ, without inconvenience, pain, or any other drawback.

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful, as to astonish everyone. Its pre-eminence as a remedy for bilious and liver complaints, and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's infallible Pills are so permanent and extensive that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation promoted, so that both physical and moral energy are increased.

Determination of Blood to the Head.

This is generally occasioned by some irregularity of the stomach and bowels, which if not quickly attended to, frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach, regularity to the secretions, and purity to the fluids. Vertigo, dimness of sight, and other indications of approaching apoplexy, are entirely dissipated by a course of this admirable medicine.

The Female's Best Friend.

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youthful or aged, married or single, a mild but speedily remedial is recommended with friendly earnestness. It will correct all functional derangements to which they are subject.

Scrofula and all Skin Diseases.

For all skin diseases, however inveterate, these medicines are a sovereign remedy. While the Pills act upon the blood, which they purify, the Ointment passes through the pores of the skin, and cleanses every structure, as water saturates the soil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous.

Coughs, Colds and Asthma.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthma has appeared, these Pills may be relied on as a certain and never-failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning.

Indigestion—Bilious Headache.

These complaints may sometimes be considered trifling, but it should be borne in mind that, by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach, take Holloway's Pills, rub his celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvement, though it may be gradual, will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague	Female Irregularities	Retention of Urine
Asthma	Fleas of all kinds	Scrofula, or King's Evil
Bilious Complaints	Filth	Sore Throats
Blotches on the skin	Gout	Stone and Gravel
Bowel Complaints	Head-ache	Secondary Symptoms
Cold	Indigestion	Tie Douloureux
Constipation of the bowels	Jaundice	Tumors
Consumption	Liver Complaints	Ulcers
Debility	Worms of all kinds	Venerable Affections
Dropsy	Weakness, from whatever cause	
Dysentery	Piles	
Erysipelas	Rheumatism

PROSPECTUS OF THE

BRITISH COLUMBIA

COAL MINING COMPANY

[LIMITED].

Incorporated under the Joint Stock Companies' Act, 1866, which limits the liability of each Shareholder to the amount of his Shares.

CAPITAL ----- \$100,000, IN 2000 SHARES OF \$50 EACH, WITH POWER TO INCREASE.

100 A. SHARES have been issued as paid up shares to the promoters of the company, and the consideration paid them for the right to 600 acres of land, &c. The remaining 200 A. shares are reserved for the general benefit of the company, and are to be issued to subscribers, subject to payment of \$2 per share at the time of subscription, and of calls of \$1 per share, per month, until \$15 in all shall have been paid, when the subscribers shall be entitled to certificates of fully paid up stock. The remaining 1000 C. shares are reserved for issue as and when the Coal Mine is sufficiently explored and proved.

DIRECTORS:

CAPTAIN JAMES COOPER, Chairman; Hon. J. A. R. HOWER, M.L.C.; JOHN ROBERTSON, Esq.; SWELL P. MOODY, Esq.; JORIAS C. HUGHES, Esq.; JOHN PICKAVANT CHAMFORD, Esq.; W. CLARKSON, Esq.; GEORGE DIETZ, Esq.; JAMES VAN BRAEMER, Esq.; W. J. ARMSTRONG, Esq.

AUDITOR: THOMAS MCKINCHIE, Esq.

BANKERS: BANK OF BRITISH NORTH AMERICA.

SECRETARIES: WILLIAM CLARKSON, Esq.

This company is organized for the purpose of exploring and mining for Coal, and boring for Coal Oil. The character of the sandstone at Burrard Inlet, its identity with the coal-bearing sandstone of Bellingham Bay and Nanaimo, and the numerous indications of Coal to be found at different places on the Inlet and on English Bay, make it nearly certain that Coal measures similar to those of Bellingham Bay and Nanaimo will be found at a reasonable depth.

The company have secured a reserve of 600 acres of Coal Harbor, Burrard Inlet; also a right to mine on 600 acres on English Bay, giving to the company a coal field of 1200 acres in extent, and the British Columbia Government has pledged its support in every reasonable way.

It is the intention of the company to immediately put down a bore for Coal—the strong probability being that in less than 90 days the ground will have been prospected, and the company ready to sink a shaft and open a mine.

If the Coal croppings at English Bay or Burrard Inlet should be succeeded, as is usually the case, by thicker seams below, it must become an invaluable property. The position of English Bay and Burrard Inlet renders the harbors easy of access in all winds and seasons. The shore is bold, so that no long wharves or tramways would be needed, while the prices of Coal on the Pacific—averaging from two to three times the prices on the Atlantic—render the prosecution of Coal mining one of the most promising enterprises of the day.

The whole of the B. shares are now offered for subscription. The monthly calls on these will be adequate to meet the current expenses of prospecting; the subscribers to these shares incur a small risk, but they get a compensation—a \$50 share for the small sum of fifteen dollars.

Parties desirous of obtaining shares may be furnished with every information by applying to the Secretaries at the company's office in New Westminster.

The company have engaged Mr. John Dick, a practical coal miner of many years' experience both in Scotland and Vancouver Island, to prospect and examine the locality of English Bay and Burrard Inlet. The annexed is his report:—

To the Board of Directors of the British Columbia Coal Mining Company, Limited.

GENTLEMEN,—After a careful examination of several square miles of the country lying to the southward of Burrard Inlet, I take pleasure in being able to state that, although owing to the general regularity and unbroken nature of the beds of strata there visible I have not been able to discover the outcroppings of any coal seam worthy of note, still there is every indication of the existence of such a seam at no great depth—say from 40 to 60 fathoms. Should my surmise prove correct there is no doubt (judging from the very trifling angle of dip and its freedom from faults and other dislocations of strata) that the field will be quite equal in extent to any yet discovered on Vancouver Island.

For the purpose of further proving the quality of the Coal and its depth from the surface, I would recommend that a series of borings be commenced at each place, after further deliberation, I shall be prepared to point out, I am, Gentlemen,

Your obedient servant,

JOHN DICK.
